

CREW LIST

A Crew List must be submitted to the Race Secretary before a crew races. This should be done at the Crew Managers Meeting, which is normally held 1 hour before the first race of the day. Only those competitors named on the submitted Crew List will be permitted to race.

RESERVES

Two paddler rule:

The first two reserves named below (*) may appear on another crew list for the same organisation. Reserve paddlers who paddle with a crew from the same organisation in a higher division cannot subsequently compete with the lower division crew in the same competition class, on that day, except as drummer or helm. Crews with less than 20 paddlers at the beginning of the competition class may add more people to their original list providing those added are crew members and the two paddler rule above is not compromised. For S12 classes there is a maximum of 14 paddlers plus helm & drummer, including reserves.

Crew Manager Declaration:

In accordance with BDA Competition Regulations, I certify that those competitors shown on this Crew List are fit & competent to race & are the only ones who will represent the crew named above, during this competition. I understand that a false declaration may result in the disqualification of the crew or individuals from the event.
