

DB 24 Hour relay RECORD CHALLENGE

28th / 29th September 2019 - Caldecotte Lake

Something a little different.

World Record attempt - for THREE crews only.

Interested in the challenge? Please read on.....

- ❖ *I am raising a Team a to take the World Record for the max distance travelled by Dragon Boat in 24 Hours.*
 - ❖ *I need sixty excellent paddlers and three excellent helms.*
 - ❖ *I was in the World relay record crew in 2017. We achieved 266 Km.*
 - ❖ *That was good but **not really hard enough.***
- ❖ *This time we need to average 12 Kph paddling 90 mins on & 180 mins off.*
- ❖ *This will not be for everybody so we are not inviting everybody - just the finest and most resilient, team focussed paddlers around.*
- ❖ *Money raised will go to **Action 4 Youth** & the **Rubinstein Taybi Support (RTS) Group** .*
- ❖ *There is a good deal of organising, permissions, licences etc. I am dealing with that. I need to identify the crew (& reserves) in the near future. **So please have a think** (as fast as you paddle, in fact!)*
- ❖ *This will be a **BIG** deal and you may end up with a **World Record**. It is worth mentioning that we are going for **THE RECORD**. We are not planning a record attempt :-)*

❖ PLEASE CONTACT. Tim 07811 449133
